Kube

The Kube is a small form factor, rugged embedded system based on the Intel Atom E3845. The Kube is designed to MIL-STD 810g and IP67/68.

Housed in a compact enclosure with optional mounting brackets, the Kube is a feature rich COM Express® Type 10 System with USB, HDMI, Gigabit Ethernet, and WiFi capabilities.

The COM Express Type 10 base with Mini PCI Express expansion makes the Kube easy to modify. Custom face plates are easily accommodated using Connect Tech design services.
